### **Try the Violin!**

Dear School,

My name is **Aidan Fisher** and I teach the **violin** locally with DASP Music (and elsewhere). I may well have taught at your school in the past!

I should like to expand instrumental music opportunities in your School. If you have students wishing to try the violin out, I can offer a free, no commitment trial lesson and a short, free demonstration in an assembly. I will supply the instrument for this.

The students will eventually need their own instrument and DASP fees will be charged after the initial free lesson. Parents in receipt of benefits may be able to get financial help from their school or from [www.therichardelytrust.org.uk](http://www.therichardelytrust.org.uk)

I have all relevant DBS and Safeguarding training and certification.

I look forward to hearing from you.

Thank you,

Aidan Fisher
